I'm a Full Stack Developer shaped by real project experience and steady practice. I approach development with clarity, discipline, and a commitment to building reliable systems that work as intended. I seek opportunities where I can continue refining my craft, take on worthwhile challenges, and produce work that speaks for itself.

TECHNICAL EXPERTISE

Next JS	React JS	Laravel	Express JS	PostgreSQL	Firebase
Angular	React Native	ASP. NET Core	Node JS	Supabase	MongoDB
Javascript	Typescript	C#	PHP	Python	Java
